

Important Announcement

April 12, 2019

Dear Trusted Partner,

We are happy to announce an exciting change for us at Food for Tots. As of Monday, April 15, 2019, we are changing our “operating as” name to Wholesome Kids Catering.

Wholesome Kids Catering will continue to operate with the same family ownership, professional management and customer service team.

WHY ARE WE CHANGING OUR NAME?

- As our company has grown, the ages of the kids we cater to has expanded and we want our name to be more inclusive of all the kids eating our foods.
- Parents want to know their kids are eating healthy foods, and on April 15, 2019, we will be launching our healthiest menu yet. The word wholesome, means healthy and nutritious and will communicate and represent the goodness in our menus.

As a way to honour our past as Food for Tots, we will be keeping a red apple in our new logo. In doing so, we are acknowledging this change is a progression of where we are today, and not a fresh start. Wholesome Kids Catering will continue to provide healthy and nutritious meals and snacks to kids at child care centres and schools in the Greater Toronto Area.

We will continue to live out our mission, to enrich the lives by serving foods that give kids the energy and nutrients to grow and develop, be healthy and active, to move, play, think and learn. Giving kids the nourishment they need to eat, grow and thrive.

If you have any questions, please do not hesitate to reach out to your main Food for Tots contact.

Sincerely,

Food for Tots team
